The Home of Terrain

# Polypipe Terrain Building Manufacturer of the year 2010

Uniquely British,

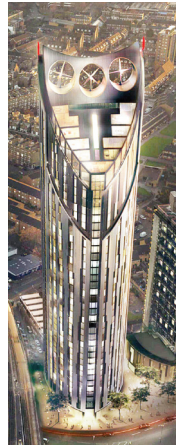

Uniquely Terrain

Polypipe's continued investment in British manufacturing enables us to build on our proud heritage and create such unique new product ranges as Terrain FUZE and Terrain Firetrap. Like all Terrain products they are designed and manufactured to meet the specific requirements of the British market and reflect a tradition of innovation that can only come from a true industry leader.

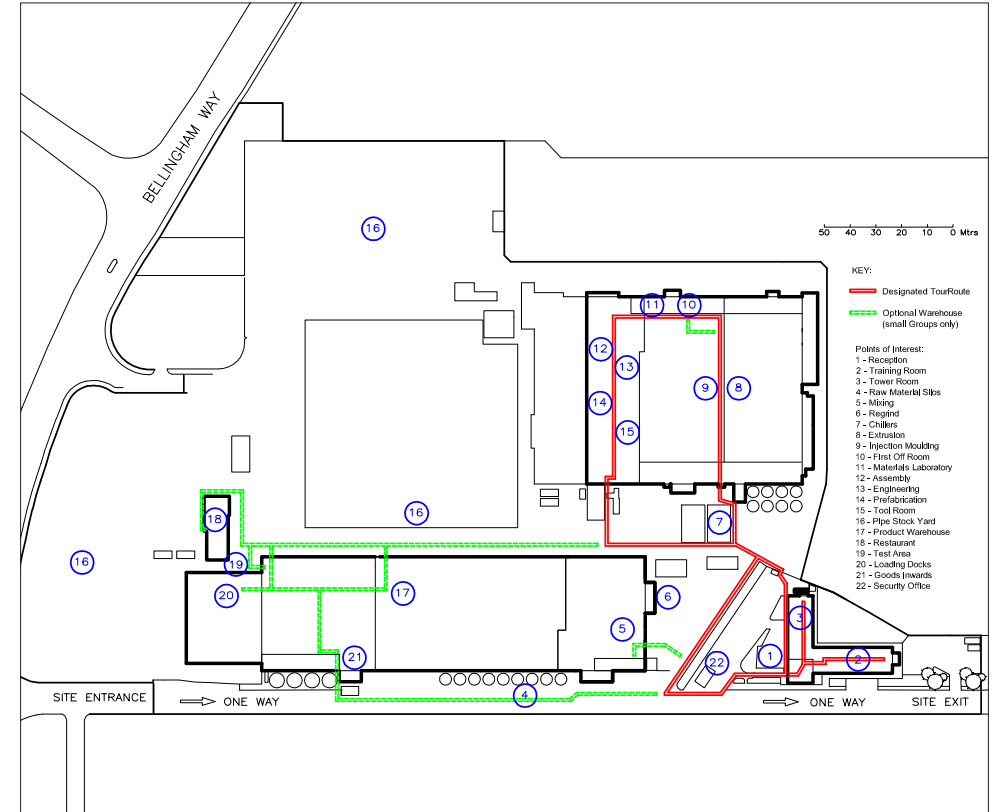

## First choice for premier projects

Polypipe Terrain's products and systems are specified for many prestigious projects across the UK, for example:

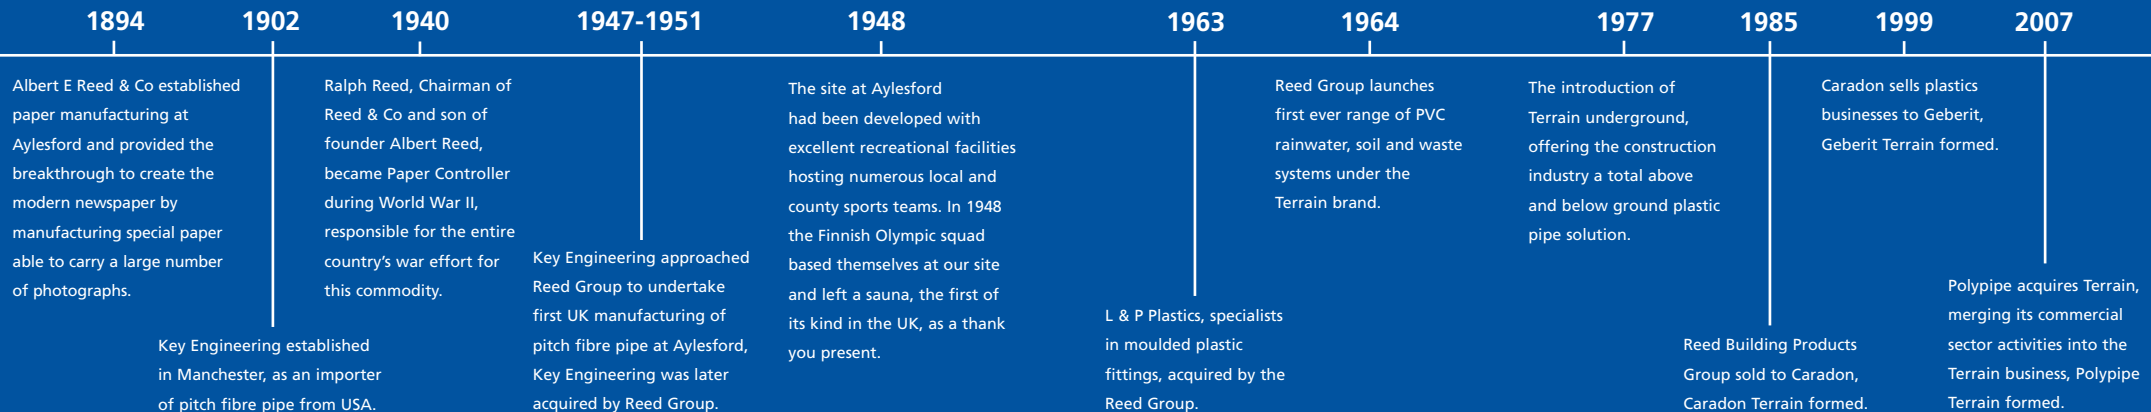

- Residential projects such as London's Castle House and Nido Spitalfields.
- Education projects such as Brighton's Falmer Academy and various Building Schools for the Future programmes.
- Hospitals such as Pembury, Caerphilly, Peterborough and Middlesex.
- MOD projects such as Aspire and SLAM.
- All of the major projects on the Olympic Park including the Athletes Village, Olympic Stadium, Velodrome and Basketball arena.
- Many other kinds of interesting projects such as Newcastle International Airport, Featherstone Prison and the Tate Modern in London.
